

TIM BOGG  
*Summer 2020*

---

5057 Woodward Ave., 7<sup>th</sup> Floor  
Detroit MI 48202

(317) 374-1031  
tdbogg@gmail.com

**DEGREES EARNED**

Ph.D. Psychology, University of Illinois at Urbana-Champaign, 2006  
M.A. Psychology, University of Illinois at Urbana-Champaign, 2003  
B.S. Journalism, University of Illinois at Urbana-Champaign, 1999

**PROFESSIONAL EXPERIENCE**

2017- Associate Professor  
Department of Psychology  
Wayne State University, Detroit

2011-2017 Assistant Professor  
Department of Psychology  
Wayne State University, Detroit

2009-2011 Post-doctoral Research Fellow  
Department of Psychological and Brain Sciences  
Central Indiana Young Adult Development Study, Tim Bogg, PI  
Indiana University, Bloomington

2006-2009 Post-doctoral Research Fellow  
Department of Psychological and Brain Sciences  
Biobehavioral Alcohol and Drug Research Laboratory, Peter R. Finn, PI  
Indiana University, Bloomington

2000-2006 Graduate Research Assistant  
Department of Psychology  
Health and Aging Study of Central Illinois, Brent W. Roberts, PI  
University of Illinois, Urbana-Champaign

2000-2002 Graduate Research Assistant  
Department of Human Development and Family Studies  
Family Studies Laboratory, Angela Wiley, PI  
University of Illinois, Urbana-Champaign

1999-2000 Marketing Assistant, Winston & Strawn, Chicago, IL

**PEER-REVIEWED PUBLICATIONS**

\*Graduate student author

1. **Bogg, T.**, & Milad, E\*. (in press). Demographic, personality, and social cognition correlates of coronavirus guideline adherence in a U.S. sample. *Health Psychology*.
2. Milad, E.\*, & **Bogg, T.** (in press). Personality traits, coping, health-related behaviors, and cumulative physiological health in a national sample: 10 Year Prospective effects of conscientiousness via perceptions of activity on allostatic load. *Annals of Behavioral Medicine*.

14. **Bogg, T.**, & Finn, P. R. (2008). Alcohol dependence status moderates hierarchical trait and motive predictions of alcohol problems. Poster presentation at the annual conference of the *Association for Psychological Science*.
15. **Bogg, T.**, & Finn, P. R. (2007). A dimensional model of disinhibited phenotypes: Integrating externalizing psychopathology, personality traits, and cognition. Poster presentation at the annual conference of the *Society for Research in Psychopathology*.
16. Endres, M. J., **Bogg, T.**, Finn, P. R., & Rickert, M. E. (2007). An alternative procedure for assessing the Go/No-Go performance of disinhibited persons. Poster presentation at the annual conference of the *Society for Research in Psychopathology*.
17. **Bogg, T.** (2007). Transtheoretical model constructs mediate the relationship between conscientiousness and exercise behavior. Poster presentation at the annual conference of the *Association for Psychological Science*.
18. **Bogg, T.**, Webb, M., Harms, P. D., & Roberts, B.W. (2006). Personality and cognition: A levels-of-analysis investigation of the attentional correlates of personality traits. Poster presentation at the annual conference of the *Association for Research in Personality*.
19. **Bogg, T.**, Roberts, B. W., Caspi, A., & Moffitt, T. E. (2005). Socioeconomic status and personality traits as predictors of cardiorespiratory fitness. Poster presentation at the annual conference of the *Society for Personality and Social Psychology*.
20. **Bogg, T.**, Webb, M., & Roberts, B. W. (2004). A hierarchical investigation of personality and health behaviors. Poster presentation at the annual conference of the *Society for Personality and Social Psychology*.
21. Walton, K. E., **Bogg, T.**, & Roberts, B. W. (2003). Conscientiousness and health behaviors: Developmental patterns and predictive changes. Poster presentation at the annual conference of the annual conference of the *Society for Personality and Social Psychology*.

**CURRENT GRANT PHASE**

5/1/20-4/30/22

Wayne State University Department of Psychology Betty J. Neitzel Psychology Faculty Research Grant (Role: PI): Total costs: \$12,000

Stress reactivity and recovery among African-American cancer caregivers: Testing the roles of personality traits, socioeconomic status, and perceived discrimination

- The goal of this study is to examine how individual differences in personality traits, socioeconomic status (SES), and perceived discrimination correspond to coping appraisals and psychophysiological responses to acute stressors among African-American caregivers of individuals with cancer

**COMPLETED GRANT PHASES**

8/1/2018-7/31/2019

The Northwestern Medicine Transplant Endowment (Role: Co-investigator): Total costs: \$25,000  
PI: Daniela Ladner, M.D.

PIPELine (Personality-Informed Prehabilitation in End-Stage Liver Disease)

- The goal of this study is to assess personality traits, social cognitions and beliefs, and functional abilities in a sample of patients awaiting liver transplant surgeries.

8/1/2011-7/31/2014

NIH/NIAAA R00 AA017877: Total costs: \$700,698; PI: Tim Bogg

A Longitudinal Study of Alcohol Dependence in Late Adolescence

- The goals of this study were to identify corresponsive relations among social investment, trait self-control, and alcohol consumption behavior and problems and test a normative enhancement alcohol harm reduction intervention.

8/5/2009-7/31/2011

NIH/NIAAA K99 AA017877: Total costs: \$248,177; PI: Tim Bogg

A Longitudinal Study of Alcohol Dependence in Late Adolescence

- The goal of this study was to identify patterns of social investment, trait self-control, and cognitive control associated with on-going alcohol consumption behavior and problems.

**AWARDS**

2009	National Institutes of Health (NIH) Pathways to Independence Career Development Award
2005	Society for Personality and Social Psychology Student Travel Award
2004	Nancy Hirschberg Memorial Award, Department of Psychology, University of Illinois at Urbana-Champaign

**WORKSHOPS/SEMINARS**

2010	Functional MRI visiting fellowship: Athinoula A. Martinos Center for Biomedical Imaging (Harvard/MIT/MGH)
------	--

**INVITED PRESENTATIONS**

Wayne State University, College of Nursing (2019)  
 Michigan State University, Psychology Department (2017)  
 University of Michigan, Department of Psychology (2014)  
 Michigan State University, Psychology Department (2013)  
 University of California, Berkeley, Psychology Department (2011)  
 RAND Corporation (2011)  
 Wayne State University, Department of Psychology (2011)  
 Wake Forest University, Department of Psychology (2010)

**TEACHING EXPERIENCE**

2017, 2020 Department of Psychology, Wayne State University, Detroit  
 Instructor, Undergraduate Personality Psychology

2015-2020 Department of Psychology, Wayne State University, Detroit  
 Instructor, Undergraduate Research Methods

2018-2020 Department of Psychology, Wayne State University, Detroit  
 2014-2016 Instructor, Undergraduate Health Psychology  
 2012

2015-2019 Department of Psychology, Wayne State University, Detroit  
 Instructor, Graduate Seminar in Personality

2005 Department of Psychology, University of Illinois, Urbana-Champaign  
 Instructor, Undergraduate Laboratory in Personality Psychology

2002-2004 Department of Psychology, University of Illinois, Urbana-Champaign  
 Teaching Assistant, Undergraduate Laboratory in Personality Psychology

**MENTORING EXPERIENCE**

\*Clinical graduate student

**Ph.D. dissertation chair**

2016-2019: Phuong T. Vo; A pre-registered multi-replication examination of the independent and interdependent effects of Big Five traits in predicting physical activity via a Cybernetic framework

**Ph.D. dissertation committee member**

2018-2019: Julia Briskin; Interpersonal processes of “technoference” in romantic couples

2018-2019: Annisa Rochadiat; The ‘hypertextual’ self: Exploring the use of social media in identity expression and self-presentation among Muslim Americans

2017-2019: Jennifer Ellis\*; Borderline personality traits and alcohol use: The mediating role of state anger

2016-2017: Jennifer M. Pierce; Adolescent dating violence and social, psychological and physical consequences in adulthood

2015-2017: Benjamin LaLiberte\*; Reducing heavy alcohol use in individuals high on the trait of factor two psychopathy through a brief, computerized intervention

2016: Jana Ranson; The role of autobiographical memory in interpersonal and intrapersonal simulation: A theoretical and empirical exploration

2014-2016: Hillary Greene\*; Self-efficacy, health promotion, and functional outcomes among individuals with acquired brain injury

### **Master's thesis chair**

2018-2019: Elizabeth Milad; Personality trait pathways to allostatic load: Testing prospective mediation effects of coping styles and coping-related health behaviors in a national sample

2013-2016: Phuong T. Vo; A randomized trial of implementation intention and industriousness training for exercise initiation and maintenance

### **Master's thesis committee member**

2018-2019: Wesley Starnes; No pain, no gain: The effect of increased information on risky decision-making.

2016-2018: Heather Doherty\*; Alexithymia, trauma, and interpersonal distress as moderators of emotional awareness and expression therapy for patients with fibromyalgia

2015-2017: Julia Briskin; Outsourcing self-regulation: A direct replication

2015-2016: Ledina Imami; Peer relationship stressors, maternal involvement, and physical health in youth with asthma

2013-2014: Benjamin V. LaLiberte\*; A path model of factor two psychopathy, behavioral activation, positive alcohol expectancies, and alcohol use”

2013-2014: Jana Ranson; Everyday memory: An expanded view of autobiographical memory functions

2013-2014: Jacqueline Woerner; Predictors of positive and negative affect following casual sex

### **Undergraduate honors theses supervised**

2017-2018: Rasha Khanafer; Six-month predictions of life satisfaction and purpose in life in the active lifestyles study: effects of extraversion, positive affect, social engagement, and physical health

2015-2016: Marisa DeVuyst; Premorbid personality and the development of Alzheimer's Disease: Meta-analyses and systematic review of prospective studies

2014-2015: Jesse Haddad; Automaticity, personality, and cognitive traits related to contextual phone behavior: An exploratory study

2014-2015: Hieu Tran; Procrastination of college students: The roles of academic investment, personality, and task perseverance

2013-2014: Kathryn Krupsky; The effects of neuroticism, school satisfaction, and work stress on coping motives for drinking and alcohol consumption

2013-2014: Maha Hamid; The effects of pharmacist interventions on medication adherence

## **PROFESSIONAL SERVICE**

### **Associate Editor**

*Frontiers in Psychology (Personality and Social Psychology specialty section; 2015- )*

### **Consulting Editor | Editorial board member**

*Journal of Research in Personality (2013- )*

*Health Psychology (2014-2016)*

### **Ad hoc journal reviewer**

*Annals of Behavioral Medicine*

*Applied Psychology: Health and Well-Being*

*Assessment*

*Biological Psychiatry*

*Criminal Justice and Behavior: An International Journal*

*Drug and Alcohol Dependence*

*European Journal of Personality*

*Journal of Applied Developmental Psychology*

*Journal of Behavioral Medicine*

*Journal of Happiness Studies*

*Journal of Personality*

*Journal of Personality and Social Psychology*

*Journal of Psychosomatic Research*

*Journal of Studies on Alcohol and Drugs*

*Personality and Individual Differences*

*Personality and Social Psychology Review*

*Personality and Social Psychology Bulletin*

*Psychological Science*

*Psychology & Health*

*Translational Issues in Psychological Science*

### **Grant reviewer**

The Anthony Marchionne Foundation, Small Grants Program (2009)
